*We all know that Time is Money! Every hour spent on compliance issues is time away from your main business. This time away leads to reducing your profit picture on issues that could have been avoided or eliminated.*

*We have been providing Safety Consulting and Training to businesses since 1977.*

*Over the years we have saved many companies potential fines and prevented profit erosion related to poor Safety Practices.*

*Let us show you how to minimize your exposure to Safety-related, money draining work hazards, and unnecessary litigation.*

*When asked why he had twenty-one assistants,  
Thomas Edison replied,  
"If I could solve all the problems myself,  
I would."  
No organization becomes successful by the effort  
of only one individual.  
It takes a team.  
But it takes work to build a successful team.*

**Last year there were over 7,000 citations issued for Hazardous Work Violations and \$1.3 million dollars in fines were levied!  
Was your company among them? Will you be this year?**

*In order to have an effective Workers Comp Program, it's necessary to have a complete Safety Compliance Program in place.*

*Did you know that of the nine components of an effective program four of them are about Safety and Safety Programs?*

*A successful program is not just about OSHA...it's about the total picture of doing business in a safe environment.*
